## ENERGY-OPS SECURITY AGORA

LAGOS - OCTOBER 8<sup>TH</sup> & 9<sup>TH</sup> 2019

AGORA NEXUS

# AGORA

In ancient Greek cities, an agora was an open space serving as an assembly area and a place for commercial, civic, social, and political activities

# NEXUS

Latin nexus (“the act of binding together; bond”), from nectō (“bind”).

---

Together Agora Nexus has a simple meaning  
**A bonded gathering & market**

Welcome Esteemed Colleagues,

I would like to firstly thank you for investing your time into attending the 2nd edition of the Energy-Ops Security Agora Lagos being held at the prestigious British Deputy High Commissioners Residence.

Following the success of the inaugural programme which took place earlier this year (April 10th 2019) I have decided at the behest of the community to extend the Agora to 2 days in length to enable more topics to be discussed and allow more time to interact with fellow peers in the industry.

It is no secret that Nigeria is the hub and heartbeat of West Africa with the Oil & Energy sector being a vital resource for the economy, Government, industries and every day people.

The harsh reality is that with any mission critical resource or high value commodity comes the threat and reality of malicious activity whether it be petty criminality such as energy theft and vandalism or in the worst-case scenario K&R and militant activity.

With you all having security and operational responsibility within such an important infrastructure the aim of today and future programmes is to share best practice, benchmark strategies and more importantly have very open and candid debate around issues and 'Wahala' being faced.

The Agora mantra is to ensure that these end user driven meets, are purely focused around the educational and requirement needs of everyone involved.

We operate under Chatham House Rules for confidentiality reasons. Without sounding like a Roman Emperor this a 'for the people, by the people' initiative so I actively encourage open debate and opinion throughout the 2 days.

I look forward to a very insightful engagement of 'real chat' surrounding the issues you have highlighted over recent months.

Best,  
Phil Manny  
Founder & Director.

*Phil Manny*

**Founder & Director.**

# DAY 1 AGENDA

- 10:00 - 10:30 ● **Registration & Breakfast Networking**
- 10:30 - 10:45 ● **Welcome Remarks & House Keeping**

# Insurance & Assurance

a powerful, contract winning combination in a complex world

## World leading specialist insurance and international certification coming together to give you the edge...

Chesterfield Group and MSS Global have come together to offer the Private Security industry a powerful combination of internationally recognized insurance and assurance that will give your clients confidence in your company.

As sector specialists, both companies recognize the value and confidence gained through the expertise we bring together. We offer the full suite of insurance and certification products to both protect your business and help you win new contracts through compliance. When put together, savings on one help offset the cost of the other.

By working together we are able to offer our common clients both insurance and certification savings.

### MSS Global - International ISO Certification

- Our unique expertise in this sector allows us to offer ISO 18788, PSC.1 and ISO 9001:2015 all for the price of an audit and certification to ISO 18788. This means that you receive PSC.1 and ISO 9001:2015 certification for free\*;
- Leading internationally accredited Certification Body for the security industry (IAF MLA accredited);
- Our certifications are key milestones for any ICoCA membership application. We are the only CB who are members.

### Chesterfield Group - Your access to Lloyd's & international insurance markets

#### GuardTrack Plus™

- Land-based security companies are increasingly turning to GuardTrack Plus™ to protect their operations and meet all their insurance requirements under contracts with international corporations;
- We offer the full suite of insurance products from Liability insurance, Personal Accident insurance, cyber crime, political risk, life cover, travel cover, political evacuation, loss of PSC equipment, kidnap and ransom.

**Our reliable and experienced teams will provide expert advice to help you win contracts by complying with your clients' contractual demands. Contact us...**
